## Press Release

### Floating Boat Docks Installed on Cane Creek Park Lake

**February 22, 2018, Monroe, NC**– Union County Parks and Recreation has replaced its fixed boat docks on Cane Creek Park Lake with new floating docks.

Several times during the past few years, Cane Creek Park Lake had to be closed whenever heavy rain caused the lake to rise and cover the fixed boat docks. The floating boat docks will eliminate this from occurring in the future.

In all, seven floating boat docks were installed on the lake.
